Instrucciones

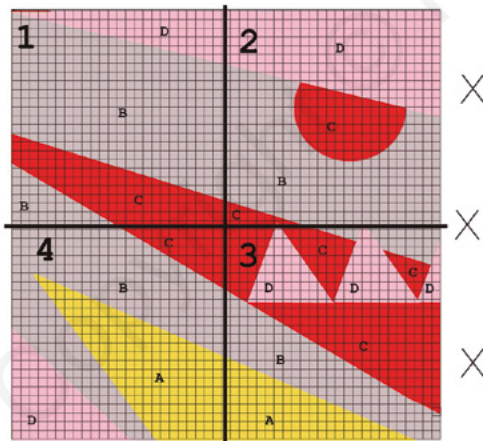

1) Cortar 4 piezas de cañamazo de 40x40cm, y pegar los 3 lados sin acabado a la loneta como indica el video.

2) Dibujar los gráficos de 18x18cm con el dibujo a seguir en el cañamazo, fijando la cruz señalada central, con cada hoja del gráfico tal y como indica el video. Dibujar con un rotulador sobre el cañamazo las formas para poder seguir los cambios de color.

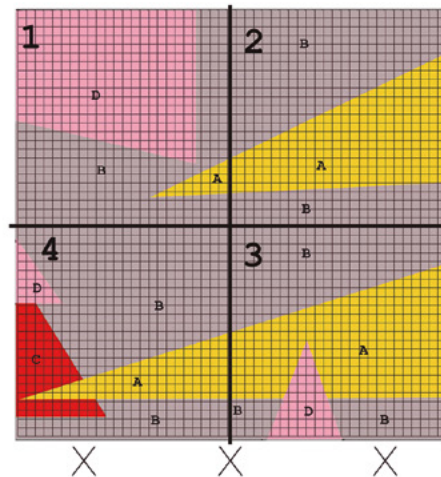

3) Coser 3 ganchos en un mismo lado de cada pieza repartidos equitativamente a lo largo de los 40cm para poder unir las piezas (ver "x" de los gráficos)
